

STONEPANEL™

byCUP4

STONEPANEL™, INNOVATIVE STONE CLADDING SYSTEM, CREATED AND PATENTED BY CUPA, THAT CAN BE USED FOR ANY TYPE OF EXTERIOR OR INTERIOR NATURAL STONE WALL CLADDING APPLICATION.

MORE PROFITABLE
_10 times faster than traditional masonry.
_Installation rate averages 20m²/day.

SIMPLER
_Installing Stonepanel™ is very simple and requires no skilled labor or machinery.
_Strong and uniform cement base that ensures adherence and allows piece cutting without risk of detachment.
_Z-shaped to avoid visible joints.

CLEANER
_Virtually non-existent product waste.
_Higher service life than other stone cladding systems.

MORE VERSATILE
_Suitable for installation in any location.
_Can be produced in different sizes and with any type of stone.
_Different sized corner pieces, coverings and other solutions.

SAFER
_Outstanding physical and mechanical behavior.
_Patented Stonepanel SKY™, with built-in mechanical anchor, removes height restrictions without risk.

STONEPANEL™ IS THE ONLY PRE-MOUNTED STONE PANEL AND HAS BEEN AWARDED CERTIFICATES IN **SPAIN**, **UNITED KINGDOM** (BBA), **FRANCE** (CSTB), **NORWAY** (SINTEF), **GERMANY** (DIBT) AND **ROMANIA** (INCERC).
